

ENGLISH

In our upcoming English lessons, we will be diving into the fascinating world of sea animals! Your children will explore various sea creatures through lots of exciting books. We will focus on descriptive writing, where they will learn to use words to paint vivid pictures in their readers' minds. They will also explore the realm of non-fiction, discovering interesting facts about these marvellous marine creatures. Get ready for an oceanic adventure!

In our upcoming reading and phonics lessons, we will be preparing for the phonics screening check. Your child will learn new sounds and words to help them read fluently. We will be using the RWI method to choose the right voice for reading. It's an exciting time for your child to develop their reading skills!

PSHE

Changing Me

In our weekly PSHE lessons, we will be exploring the topic of our changing bodies and our changing lives. We aim to help children understand the natural process of growing up and the different changes they may experience. Through age-appropriate discussions and activities, we will create a supportive environment for them to learn and ask questions.

DT

In our upcoming Design and Technology (DT) lessons, we will be exploring stable structures. This means we will be learning about planning and creating sturdy buildings and objects. We will also have fun experimenting with different materials to see which ones work best. It will be an exciting and hands-on learning experience for your children.

MATHS

This term, in our Maths lessons, we will be exploring some exciting topics with your child! We will be learning all about clocks and beginning the process of how to tell the time. Your child will practice reading both the hour and minute hands. Next, we'll continue our dive into column addition, where we'll add numbers together by lining them up in columns. We'll also explore the length of days and months, discovering how they change throughout the year. Here are some ideas to continue supporting your child at home.

- Practicing their 2, 5-and 10 times tables.
- Encourage your child to practice telling the time regularly.
- Talk with your child about the changing seasons.

RE

In our upcoming RE lessons, we will be exploring Sikhism. Sikhism is a peaceful religion that originated in India. We will learn about their beliefs, values, and important figures like Guru Nanak. Through stories, discussions, and activities, we aim to foster understanding and respect for different faiths.

COMPUTING

We will be exploring the exciting world of data and becoming pirate detectives! Using iPads and the app called Popplet, we will use our imagination to organize information and clues about pirates. It's going to be a fun and interactive adventure!

History

This half term we will be exploring the exciting world of travel throughout history. We will learn about how people travelled in the past and how it has changed over time. From ancient modes of transportation to modern innovations, your child will discover the fascinating stories of exploration and adventure.

MUSIC

Your Imagination

This half term, Year 1 will take part in weekly music lessons looking at the song 'Your Imagination'. Excitingly, the children will be taught to use polyphones in addition to their singing.

SCIENCE

In our Year 1 science lessons, we will be exploring holidays and the beach. We will learn about different animals and discover new vocabulary. We'll have fun learning about the fascinating creatures that live near the sea and the exciting things we can do on our vacations. Get ready for an adventure-filled science journey!

INFORMATION

PE day is Wednesday

Please ensure children are in their school PE kit and jewellery is removed.

Reading books

We hear all children read weekly and reading books are changed regularly.

Please make sure your child brings their reading book and Reading Record to school every day.
