

MATHS

In Autumn Term 2, your Year 1 child will dive into exciting math adventures! They'll explore the world of addition and subtraction, discovering the magic of numbers coming together or saying goodbye. We're not just sticking to the classroom; we're bringing math into the real world! Whether counting apples or sharing toys, they'll apply their skills everywhere. But that's not all – time and money will become their new pals. Your little ones will start recognizing clocks and understanding the concept of time. They'll also begin to grasp the value of coins and bills, making early steps into the world of money. Get ready for a term filled with hands-on math fun and real-world connections!

RE

Through engaging activities, we will discover the key beliefs, traditions, and practices of Christianity, with a focus on local places of worship and community involvement. This exciting journey will foster cultural appreciation and respect, nurturing their spiritual growth and encouraging empathy towards others' beliefs.

History

This term, Year 1 children will explore how life was different for their grandparents in history. They'll discover old toys, clothes, and hear fascinating stories. Through fun activities, we'll help them understand the past and appreciate the changes over time. Get ready for an exciting journey into history!

PSHE

In PSHE this term, we will explore "Celebrating Differences." They'll learn about the uniqueness of themselves and others, embracing diversity. Through engaging activities and discussions, children will discover the value of kindness and acceptance, fostering a positive and inclusive classroom environment.

DT

In Design and Technology, Year 1 students will have fun making wraps and exploring fruits and vegetables. They'll learn to create tasty wraps, discovering different ingredients and understanding the importance of healthy foods. Get ready for a delicious and educational journey in the world of food!

MUSIC

The children will joyfully learn and create Christmas songs for an upcoming festive production. Through fun activities, they'll explore the magic of music, fostering creativity and holiday spirit.

SCIENCE

In Science this term, Year 1 children will explore celebrations, using their senses to understand and describe experiences. They'll also discover new aspects of the world around them, fostering curiosity and developing language skills. Get ready for exciting discussions and creative expressions as they embark on this sensory-filled learning journey!

English

In Year 1, this autumn, your kids will have fun writing about celebrations like Christmas and Diwali. They'll practice using capital letters, finger spaces, and full stops. It's a cool way for them to learn writing while exploring different holidays! Reading will be a daily delight with our 1-hour reading lessons. The children will sharpen their reading and decoding abilities using the Read Write Inc. (RWI) phonics scheme. This will empower them to decode words with ease and build fluency in their reading.

COMPUTING

Students will explore computing by learning to follow instructions and guiding Beebots, small robots. Through fun activities, they'll develop basic programming skills, understanding how to give clear directions. This hands-on experience will enhance their problem-solving and logical thinking abilities.

INFORMATION

PE days are Monday and Thursday

Please ensure children are in their school PE kit and jewellery is removed.

Reading books

We hear all children read weekly and reading books are changed regularly.

Please make sure your child brings their reading book and Reading Record to school every day.
