

Nature Detectives

Nursery will continue to explore the Forest Area every **Wednesday** throughout the summer term. We do attend these sessions in all weathers so please ensure your child has a change of clothes and footwear each week. Please note the only weather we don't take the children out in is strong winds.

Physical Development

The children have been thoroughly enjoying PE this year. Our sessions will be every **Tuesday**. Please ensure your child is wearing appropriate footwear (pumps or trainers) as these sessions can involve climbing, running, jumping and balancing.

Families

8th – 19th April 2024

During the first two weeks of the summer term, we will be learning all about each other's families and more about everyone's home lives. We will study *The Large Family stories* and *The Billy Goats Gruff*. The children will enjoy junk modelling houses, painting their family members and a visit from a play village.

Emergency Services

22nd April – 3rd May

Next, the children will be learning about the emergency services, what they do and how they can help us.

We will be enjoying lots of role-play activities and some crafts too.

Doctors and Nurses

6th – 17th May

Following this, the topic continues to doctors and nurses. This again will involve a lot of role-play activities and crafts.

The children will even take part in a mini first aid course (with of course a certificate for everyone).

Dear Zoo

20th May – 7th June

We couldn't go a school year without my favourite story so we will be learning about the zoo!

The children will explore the different animals in the zoo and all about the role of the zookeeper, including how they care for the animals.

The Park

10th June – 21st June

The children will be learning all about visiting the park. This will include playgrounds and the natural world.

One of the children's favourite days during this topic is bring your bike or scooter to school day!

The Beach

24th June – 5th July

Nearing the end of the school year, we will start to think about going on holidays whether this is abroad or the wonderful English seaside.

The children always love playing ice cream shops!

Summertime

8th – 19th July

During the last two weeks, we will enjoy party games at our end of year party as well as taking part in a teddy bears' picnic. Don't worry, you will all be invited!

We will also be spending some time reflecting on the year.
